LIKE NEVER BEFORE

Pipetting Station

Attendees will practice pipetting colored liquids into 15 ml test tubes to demonstrate concepts of accuracy and precision in laboratory medicine.

Handwashing Station

Attendees might complete this following the other stations. We will emphasize the importance of handwashing and laboratory safety using Glo-Germ™.

MLS/Professional / Giveaway Station

Attendees will learn more about MLS profession and pickup giveaways.

- MLS information sheet and supplementary educational route materials
- Giveaways: science themed pin-on buttons and temporary tattoos
